CTET MCQ — Detailed Syllabus & Exam Blueprint

Official reference: CTET September 2026 Information Bulletin — Appendix I: Structure and Content of Syllabus.

This file is prepared for the [ctet-mcq/](#) question-bank folder. Always check the latest bulletin at [ctet.nic.in](#) before applying because dates, instructions or operational details may be updated.

1. CTET क्या है?

Central Teacher Eligibility Test (CTET) CBSE द्वारा आयोजित teacher-eligibility examination है। यह मुख्यतः:

- **Paper I:** Classes I-V के Primary Stage शिक्षक बनने के इच्छुक candidates के लिए
- **Paper II:** Classes VI-VIII के Elementary Stage शिक्षक बनने के इच्छुक candidates के लिए
- **Both Papers:** Classes I-V और VI-VIII दोनों levels के लिए

यदि candidate दोनों levels के लिए eligible होना चाहता है, तो उसे **Paper I और Paper II दोनों** देने होंगे।

Important official notes

- प्रत्येक paper में **150 MCQs** होते हैं।
- प्रत्येक प्रश्न **1 mark** का होता है।
- गलत या unattempted answer के लिए **negative marking नहीं** है।
- प्रत्येक paper की duration **2 hours 30 minutes** है।
- Main question paper **Hindi और English में bilingual** होता है।
- Language II, Language I से अलग language होनी चाहिए।
- Paper II में subject choice: **Mathematics & Science** या **Social Studies/Social Science**।
- Paper I का content NCERT Classes I-V और Paper II का content NCERT Classes VI-VIII से linked है; official bulletin difficulty/linkages को आगे के स्तर तक रख सकता है।

2. CTET Exam Pattern

Paper I — Primary Stage (Classes I-V)

Section	Questions	Marks
Child Development and Pedagogy	30	30
Mathematics	30	30
Environmental Studies (EVS)	30	30
Language I (compulsory)	30	30
Language II (compulsory)	30	30
Total	150	150

Paper II — Elementary Stage (Classes VI-VIII)

Section	Questions	Marks
Child Development and Pedagogy	30	30
Mathematics and Science OR Social Studies/Social Science	60	60
Language I (compulsory)	30	30
Language II (compulsory)	30	30
Total	150	150

Paper II subject split

Choice	Mathematics	Science	Social Studies/Social Science	Total
Mathematics & Science	30	30	—	60
Social Studies/Social Science	—	—	60	60

Question nature: CTET questions केवल facts नहीं जाँचते। Concepts, problem-solving ability, classroom application और pedagogical understanding पर भी focus रहता है।

3. Language Options

Candidate को Language I और Language II के लिए दो अलग languages चुननी होती हैं। Official bulletin में उपलब्ध language codes:

Language	Code	Language	Code	Language	Code
English	01	Khasi	08	Punjabi	15
Hindi	02	Malayalam	09	Sanskrit	16
Assamese	03	Manipuri	10	Tamil	17
Bengali	04	Marathi	11	Telugu	18
Garro	05	Mizo	12	Tibetan	19
Gujarati	06	Nepali	13	Urdu	20
Kannada	07	Odia	14	Bodo	21
Dogri	22	Kashmiri	23	Konkani	24
Maithili	25	Santhali	26	Sindhi	27

Language I और Language II का focus

- **Language I:** Medium of instruction से सम्बन्धित proficiency
- **Language II:** Language elements, communication और comprehension ability
- Language II, Language I से **different** होनी चाहिए।
- Candidate को वही languages attempt करनी चाहिए जो admit card/confirmation में opted हैं।

PART A — PAPER I (Classes I-V)

4. Child Development and Pedagogy — 30 Questions

Paper I में CDP questions Primary School Child, लगभग **6-11 years** की educational psychology और classroom interaction पर focus करते हैं।

A. Child Development — 15 Questions

1. Development की concept और उसका learning से relationship
2. Children के development के principles
3. Heredity और environment का influence
4. Socialization processes
 - Teacher
 - Parents
 - Peers
 - Social world of children
5. Piaget, Kohlberg और Vygotsky
 - मुख्य constructs
 - Learning और development से सम्बन्ध
 - Critical perspectives
6. Child-centred और progressive education
7. Intelligence की critical perspective
8. Multi-dimensional intelligence
9. Language और thought
10. Gender as a social construct
 - Gender roles
 - Gender bias
 - Educational practice
11. Learners में individual differences
 - Language
 - Caste
 - Gender
 - Community
 - Religion
 - Diversity और learner needs

12. Assessment for learning और assessment of learning में distinction
13. School-Based Assessment
14. Continuous and Comprehensive Evaluation (CCE)
15. Readiness, critical thinking और learner achievement के लिए appropriate questions बनाना

B. Inclusive Education और Children with Special Needs — 5 Questions

1. Disadvantaged और deprived backgrounds से आने वाले learners को address करना
2. Diverse backgrounds के learners की educational needs
3. Learning difficulties और impairments वाले children
4. Talented और creative learners
5. Specially-abled learners की needs और classroom support

C. Learning and Pedagogy — 10 Questions

1. Children कैसे सोचते और सीखते हैं
2. Children school performance में सफलता क्यों नहीं प्राप्त कर पाते
3. Teaching और learning की basic processes
4. Children की learning strategies
5. Learning as a social activity
6. Learning का social context
7. Child as a problem solver
8. Child as a scientific investigator
9. Alternative conceptions of learning
10. Children की errors को learning process का significant step समझना
11. Cognition और emotions
12. Motivation और learning
13. Personal और environmental factors contributing to learning

Paper I CDP MCQ focus

- “Best teacher response” questions
- Child-centred classroom
- Constructivist learning
- Individual differences
- Inclusive practices
- Assessment for learning
- Errors को diagnostic evidence समझना
- Motivation, cognition और emotion
- Rote learning के बजाय understanding

5. Mathematics — 30 Questions

A. Content — 15 Questions

1. Geometry
2. Shapes and Spatial Understanding
3. Solids around Us
4. Numbers
5. Addition and Subtraction
6. Multiplication
7. Division
8. Measurement
9. Weight
10. Time
11. Volume
12. Data Handling
13. Patterns
14. Money

B. Pedagogical Issues — 15 Questions

1. Nature of Mathematics
2. Logical thinking
3. Children के thinking और reasoning patterns
4. Children की strategies of making meaning and learning
5. Curriculum में Mathematics का place
6. Language of Mathematics
7. Community Mathematics
8. Formal और informal methods से evaluation
9. Problems of teaching Mathematics
10. Error analysis और learning-teaching से सम्बन्धित aspects
11. Diagnostic teaching
12. Remedial teaching
13. Activity-based और concrete learning
14. Multiple methods of solving a problem
15. Children की mathematical misconceptions को समझना

Paper I Mathematics MCQ approach

- NCERT Classes I–V के concepts को priority दें।
- Question में child strategy, error या alternative method दिया हो सकता है।
- केवल answer नहीं, **सबसे appropriate teaching method** चुनना भी पूछा जा सकता है।
- Numbers, measurement, shapes, patterns और data को classroom context में पढ़ें।

6. Environmental Studies (EVS) — 30 Questions

A. Content — 15 Questions

1. Family and Friends

- Relationships
- Work and Play
- Animals
- Plants
- Family structures
- Living together और social environment

2. Food

- Food sources
- Different food habits
- Cooking और preservation
- Food diversity
- Food and health

3. Shelter

- Different houses
- Local materials
- Houses in different regions
- Shelter and environment

4. Water

- Sources of water
- Uses of water
- Availability and conservation
- Clean water और water-related issues

5. Travel

- Modes of transport
- Travel experiences
- Maps और directions
- People, places और movement

6. Things We Make and Do

- Occupations
- Materials and tools
- Local work
- Making, building और daily activities

B. Pedagogical Issues — 15 Questions

1. Concept और scope of EVS
2. Significance of EVS
3. Integrated EVS
4. Environmental Studies और Environmental Education
5. Learning principles
6. EVS का Science और Social Science से relation
7. Concepts present करने के approaches
8. Activities
9. Experimentation और practical work
10. Discussion method
11. CCE
12. Teaching materials और aids
13. Local environment का उपयोग
14. Observation और field-based learning
15. Problems of teaching EVS

Paper I EVS MCQ approach

- EVS को Science और Social Science के अलग-अलग chapters की तरह नहीं, integrated subject की तरह पढ़ें।
 - Local environment, children's experiences, observation, activity और discussion पर ध्यान दें।
 - "Teacher should..." वाले questions में child's experience और exploration को importance दें।
-

7. Language I — 30 Questions

A. Language Comprehension — 15 Questions

- Two unseen passages:
- One prose or drama passage
- One poem
- Questions on:
- Comprehension
- Inference
- Grammar
- Verbal ability
- Prose passage may be:
- Literary
- Scientific
- Narrative
- Discursive

B. Pedagogy of Language Development — 15 Questions

1. Learning and acquisition
2. Principles of language teaching
3. Role of listening and speaking
4. Function of language
5. How children use language as a tool
6. Grammar की critical perspective
7. Grammar for communicating ideas verbally and in written form
8. Diverse classroom में language teaching की challenges
9. Language difficulties
10. Language errors
11. Language disorders
12. Language skills
 - Listening
 - Speaking
 - Reading
 - Writing
13. Language comprehension और proficiency का evaluation
14. Teaching-learning materials

- Textbook
- Multimedia materials
- Multilingual classroom resources

15. Remedial teaching

8. Language II — 30 Questions

A. Comprehension — 15 Questions

- Two unseen prose passages
- Passage types may be:
 - Discursive
 - Literary
 - Narrative
 - Scientific
- Questions on:
 - Comprehension
 - Grammar
 - Verbal ability

B. Pedagogy of Language Development — 15 Questions

1. Learning and acquisition
 2. Principles of language teaching
 3. Listening और speaking की role
 4. Language as a tool of communication
 5. Grammar की role और critical use
 6. Diverse/multilingual classroom की challenges
 7. Language difficulties, errors और disorders
 8. Listening, speaking, reading और writing skills
 9. Language comprehension और proficiency evaluation
 10. Textbook, multimedia और multilingual resources
 11. Remedial teaching
 12. Second-language learning में learner support
-

PART B — PAPER II (Classes VI–VIII)

9. Child Development and Pedagogy — 30 Questions

Paper II में CDP questions Elementary School Child, लगभग **11–14 years** की educational psychology और classroom interaction पर focus करते हैं।

A. Child Development — 15 Questions

1. Development और learning का relationship
2. Principles of children's development
3. Heredity और environment
4. Socialization: teacher, parents, peers और social world
5. Piaget, Kohlberg और Vygotsky के constructs और critical perspectives
6. Child-centred और progressive education
7. Intelligence का critical perspective
8. Multi-dimensional intelligence
9. Language और thought
10. Gender as social construct, gender roles और bias
11. Diversity-based individual differences
12. Assessment for learning vs assessment of learning
13. School-Based Assessment और CCE
14. Readiness, critical thinking और achievement के लिए questions
15. Adolescence/elementary learners की needs और classroom response

B. Inclusive Education और Children with Special Needs — 5 Questions

1. Disadvantaged और deprived backgrounds
2. Diverse learners की needs
3. Learning difficulties और impairments
4. Talented और creative learners
5. Specially-abled learners और inclusive classroom

C. Learning and Pedagogy — 10 Questions

1. Children कैसे सोचते और सीखते हैं
2. School performance में failure के कारण

3. Teaching-learning processes
4. Children's learning strategies
5. Learning as social activity
6. Social context of learning
7. Child as problem solver और scientific investigator
8. Alternative conceptions और errors
9. Cognition, emotions और motivation
10. Personal और environmental factors in learning

Difference from Paper I: Concepts समान हैं, लेकिन Paper II में age group 11-14 years, elementary-stage learner characteristics और subject learning context पर application अधिक महत्वपूर्ण है।

10. Mathematics — 30 Questions

A. Content — 20 Questions

Number System

1. Knowing Our Numbers
2. Playing with Numbers
3. Whole Numbers
4. Negative Numbers and Integers
5. Fractions

Algebra

1. Introduction to Algebra
2. Ratio and Proportion

Geometry

1. Basic Geometrical Ideas (2-D)
2. Understanding Elementary Shapes (2-D and 3-D)
3. Symmetry, including reflection
4. Construction using:
 - Straight edge
 - Scale

- Protractor
- Compasses

Mensuration

- Perimeter
- Area
- Volume
- Units और measurement applications

Data Handling

- Tables
- Pictorial data
- Bar-type representation
- Reading and interpreting data

B. Pedagogical Issues — 10 Questions

1. Nature of Mathematics
2. Logical thinking
3. Place of Mathematics in curriculum
4. Language of Mathematics
5. Community Mathematics
6. Evaluation
7. Problems of teaching Mathematics
8. Error analysis
9. Diagnostic teaching
10. Remedial teaching

Paper II Mathematics MCQ focus

- Class VI–VIII NCERT concepts
- Integers, fractions, ratio and proportion
- Basic algebraic thinking
- 2-D/3-D shapes and symmetry
- Construction tools and reasoning
- Mensuration and data handling
- Child's method, misconception, error और remedial strategy

11. Science — 30 Questions

A. Content — 20 Questions

1. Food

- Sources of food
- Components of food
- Cleaning food
- Food habits and diversity
- Food and health

2. Materials

- Materials of daily use
- Properties and uses of materials
- Changes in materials
- Separation and classification

3. The World of the Living

- Plants
- Animals
- Human body and life processes
- Adaptation and living environment

4. Moving Things, People and Ideas

- Motion
- Movement in living and non-living contexts
- People, travel and ideas

5. How Things Work

- Electric current and circuits
- Magnets
- Everyday applications of science

6. Natural Phenomena

- Light and shadows
- Weather-related phenomena
- Sky and astronomical observations
- Natural events

7. Natural Resources

- Air
- Water
- Soil
- Environment
- Conservation and sustainable use

B. Pedagogical Issues — 10 Questions

1. Nature and structure of Sciences
2. Natural Science: aims and objectives
3. Approaches to Science teaching
4. Integrated approach
5. Understanding and appreciating Science
6. Innovation
7. Observation, experiment and discovery
8. Methods of Science
9. Text material and teaching aids
10. Problems of teaching Science
11. Evaluation:
 - Cognitive
 - Psychomotor
 - Affective
12. Remedial teaching

Paper II Science MCQ focus

- NCERT-based concept application
 - Observation, experiment और discovery method
 - “Why” and “how” questions
 - Daily-life materials, circuits, magnets, living world और resources
 - Science misconceptions और activity-based remediation
-

12. Social Studies/Social Science — 60 Questions

A. Content — 40 Questions

History

1. When, Where and How
2. The Earliest Societies
3. The First Farmers and Herders
4. The First Cities
5. Early States
6. New Ideas
7. The First Empire
8. Contacts with Distant Lands
9. Political Developments
10. Culture and Science
11. New Kings and Kingdoms
12. Sultans of Delhi
13. Architecture
14. Creation of an Empire
15. Social Change
16. Regional Cultures
17. The Establishment of Company Power
18. Rural Life and Society
19. Colonialism and Tribal Societies
20. The Revolt of 1857-58
21. Women and Reform
22. Challenging the Caste System
23. The Nationalist Movement
24. India After Independence

Geography

1. Geography as a social study and as a science
2. Planet: Earth in the Solar System
3. Globe

4. Environment in its totality
 - Natural environment
 - Human environment
5. Air
6. Water
7. Human Environment
 - Settlement
 - Transport
 - Communication
8. Resources
 - Natural resources
 - Human resources
9. Agriculture

Social and Political Life

1. Diversity
2. Government
3. Local Government
4. Making a Living
5. Democracy
6. State Government
7. Understanding Media
8. Unpacking Gender
9. The Constitution
10. Parliamentary Government
11. The Judiciary
12. Social Justice and the Marginalised

B. Pedagogical Issues — 20 Questions

1. Concept and nature of Social Science/Social Studies
2. Classroom processes
3. Classroom activities and discourse
4. Developing critical thinking
5. Enquiry and empirical evidence
6. Problems of teaching Social Science/Social Studies
7. Primary and secondary sources

8. Projects and project work
9. Evaluation
10. Interpretation of historical and geographical evidence
11. Discussion and democratic classroom practices
12. Maps, timelines and local resources
13. Multiple perspectives in Social Science
14. Connecting classroom learning with society

Paper II Social Science MCQ focus

- NCERT Classes VI–VIII content
- History chronology and cause-effect
- Geography concepts, resources, environment and maps
- Constitution, democracy, government, media, gender and justice
- Source-based, enquiry-based and critical-thinking questions
- Project work, classroom discourse और evaluation

13. Language I and Language II in Paper II

Paper II में Language I और Language II का structure Paper I जैसा है:

Language I — 30 Questions

- Comprehension: 15 questions
- Pedagogy of Language Development: 15 questions

Language II — 30 Questions

- Comprehension: 15 questions
- Pedagogy of Language Development: 15 questions

Focus areas:

- Unseen passages
- Inference and comprehension
- Grammar and verbal ability
- Language acquisition and learning
- Listening and speaking
- Reading and writing
- Multilingual classroom

- Language errors/disorders
 - Assessment and remedial teaching
-

14. Official Question Nature and Difficulty

Paper I

- CDP: educational psychology relevant to **6-11 years**
- Language I: proficiency related to medium of instruction
- Language II: language elements, communication and comprehension
- Mathematics and EVS:
- Concepts
- Problem-solving abilities
- Pedagogical understanding
- Application of subject knowledge
- Content base: NCERT Classes I-V
- Difficulty and linkages may extend up to Secondary stage

Paper II

- CDP: educational psychology relevant to **11-14 years**
 - Language I: proficiency related to medium of instruction
 - Language II: language elements, communication and comprehension
 - Mathematics, Science and Social Science:
 - Concepts
 - Problem-solving abilities
 - Pedagogical understanding
 - Subject application
 - Content base: NCERT Classes VI-VIII
 - Difficulty and linkages may extend up to Senior Secondary stage
-

15. CTET MCQ Preparation Blueprint

Priority order for Paper I

1. Child Development and Pedagogy
2. Mathematics pedagogy + NCERT Mathematics
3. EVS pedagogy + NCERT EVS themes
4. Language comprehension
5. Language pedagogy

Priority order for Paper II — Mathematics & Science

1. CDP: theories, inclusive education, learning and pedagogy
2. Mathematics content and pedagogy
3. Science content and pedagogy
4. Language comprehension and pedagogy

Priority order for Paper II — Social Science

1. CDP
2. History
3. Geography
4. Social and Political Life
5. Social Science pedagogy
6. Language sections

MCQ solving rules

- Question में “most appropriate” option को priority दें।
- Child-centred, inclusive और activity-based learning को समझकर चुनें।
- Rote memorisation और teacher-dominated options से सावधान रहें।
- Mathematics/Science में concept और pedagogy दोनों पढ़ें।
- EVS/Social Science में local context, enquiry और discussion important हैं।

- Language questions में passage evidence के बाहर assumption न करें।
 - Data, options और wording को ध्यान से पढ़ें; CTET में distractors अक्सर conceptual होते हैं।
-

16. MCQ Folder की Planned Structure

इस folder में आगे question banks को इस structure में रखा जा सकता है:

Recommended MCQ format

हर question में:

1. Question
2. Four options
3. Correct answer
4. Detailed explanation
5. Why other options are incorrect
6. Concept tag
7. Difficulty level
8. Paper I/Paper II tag

9. Subject and subtopic tag

Example tags:

[Paper I | CDP | Inclusive Education | Moderate]

[Paper II | Mathematics | Fractions | Easy]

[Paper I | EVS | Water | Conceptual]

[Paper II | Social Science | Constitution | Moderate]

17. Last-Minute Syllabus Checklist

Paper I

- ☐ CDP: Child Development
- ☐ CDP: Inclusive Education
- ☐ CDP: Learning and Pedagogy
- ☐ Mathematics content
- ☐ Mathematics pedagogy
- ☐ EVS content themes
- ☐ EVS pedagogy
- ☐ Language I comprehension
- ☐ Language I pedagogy
- ☐ Language II comprehension
- ☐ Language II pedagogy

Paper II — Mathematics & Science

- ☐ CDP complete
- ☐ Mathematics Number System
- ☐ Mathematics Algebra
- ☐ Mathematics Geometry
- ☐ Mathematics Mensuration
- ☐ Mathematics Data Handling
- ☐ Mathematics pedagogy
- ☐ Science Food
- ☐ Science Materials
- ☐ Science Living World
- ☐ Science Motion and Ideas
- ☐ Science Electric Current and Circuits
- ☐ Science Magnets
- ☐ Science Natural Phenomena
- ☐ Science Natural Resources
- ☐ Science pedagogy

- ☐ Both language sections

Paper II — Social Science

- ☐ CDP complete
 - ☐ History complete
 - ☐ Geography complete
 - ☐ Social and Political Life complete
 - ☐ Social Science pedagogy
 - ☐ Both language sections
-

18. Final Revision Box

CTET Paper I = CDP 30 + Maths 30 + EVS 30 + Lang I 30 + Lang II 30

CTET Paper II = CDP 30 + Maths/Science or Social Science 60 + Lang I 30 + Lang II 30

Each paper = 150 MCQs = 150 marks

Duration = 2 hours 30 minutes

Negative marking = None

Paper I target age = 6-11 years

Paper II target age = 11-14 years

Language I = medium-of-instruction proficiency

Language II = communication and comprehension

Language II must differ from Language I

Maths/EVS/Science/Social Science:

concept + problem solving + pedagogy + application

MCQ answer approach:

child-centred + inclusive + activity-based + evidence-based

Important: CTET qualify करना appointment की guarantee नहीं है। Eligibility, recruitment rules और latest official notification को संबंधित authority से verify करें।
